Making fun of certain characters/character pairings leads to a pointless thread filled with insults and general rule breaking. Also, remember that Versus threads are allowed only in the Versus section. I guess we would get a bunch of time skip similar to what FC saw. I actually like that idea of getting a time skip because our main leads don't develop as much but I don't think it would be a bad thing if we can skip past the first few episodes and quickly adapt. I think the story about Kirisaki returning to Emilia's apartment and having a nightmare about the Homura, Soul Eater, Byakuya, and Hollow Mask is not made with Shinji's full knowledge and consent. This story is not something that Shinji is happy to see in his life. Shinji also doesn't recall the rumor about a time skip happening. Anyways it seems like all the "female main cast members in this arc" will be the show's protagonist in the next ep. I'm not complaining but I am a bit surprised. Also this scene sounds like it will be on the "side" of the story, anyways. i think that the new "W" arc will be more "movie like", while the next one will be more in the "real time" style. i mean they are really changing up the pace of the anime. we'll get a little taste of the switch next ep. also it seems like the Rukia event is more "background" event. probably not something they are
