I can't really put my finger on the exact trigger, but it seems to be associated with various packages that have been updated recently. Can anyone reproduce the problem? Can I find out what changed? Trolitech. I can't reproduce the problem here, but it seems that part of the problem has been fixed in 0. See: I have not done enough testing. Trolitech. I attached the same package to a review of a plugin I'm writing, and I'm getting the same error. Trolitech. I have just installed TMPEGenc 4.0 Xpress on two systems, and I've seen this problem just on the one with the 0.0.20 update. Trolitech. I would be more than happy to submit a patch if a fix is still required. Trolitech. This is a critical issue, and the package is breaking for everyone else. Trolitech. I just mailed my TMPEGenc to Trolitech. Trolitech. Looking at the dumps at the forum, I now see it is the same issue. Trolitech. I think the only chance to work on these "weird" problems is to get the updated packages from the Forum. Trolitech.
